 Mini PCI3 CPU , 4GB, 500G hard disk	 Interact teaching online														
Cabinet Specification															
Dimension	1430mm*330mm*160mm	Material	Metal												
Power Consumption	< 50 W	Power	AC(100-240) V 50/60Hz												
Structure	<p>1. The cabinet is made by cold-rolled steel plate (thickness is 1.0mm) and the surface is anti-electrostatic coated. The cabinet cover is embedded into the cabinet and very easy to remove.</p> <p>2. The cabinet can be disassembled without moving the whole machine, in the case of any equipment maintenance and upgrade,</p> <p>3. It is dustproof and none of interface or buttons is exposed after locking the machine, prolonging the service life of the equipment.</p> <p>4. The cabinet top panel is fully closed; all the cables go through the cable holes in the sides, looks more concise and nice.</p> <p>5. The installation is very easy, avoid complex wiring work</p>														
Built-in PC Specification															
CPU	I3 CPU	Storage	RAM: 4GB ; HDD: 500G												
Integrate	Integrated graphics Intel HD Graphic 2500 , Support 1920*1200, High performance sound card	Upgrade	direct upgrade CPU to I5, I7 series ,no need to replace the motherboard												
Digital visualizer Specifications															
Resolution	21mm	Scan Size	A4												
Pixel	3.2 megapixel	Lamp light	LED												
Scan object	File, document, books, text, real object, face etc	Zoom	64 x												
Photo Format	JPEG,TIF,PDF etc	Video Format	AVI,MPEG4,H.264,FLV

MOTORIZED SPRING BRACKET SERIES						
	<p>Spring Projector Bracket Series</p> <p>Product Description:</p> <ol style="list-style-type: none"> 1. Double synchronous motors, will offer smooth and stable operation. 2. More exquisite and elegant design of the appearance. 3. More convenient remote control system: RF wireless remote control, demountable power cord, support for 12V Trigger, central control, abrupt stop switch (This switch is important especially while maintenance, press it will lock the operation system, thus will protect the worker who do the maintenance). 4. More convenient for installation. The motorised lift is mainly constructed by two parts, can mount the upper part to the ceiling first, and then mount the lower part, extremely easy. Please check the details of the installation attached. 5. High loading capacity: It can load heavier projectors than other products and owns high safety factor
